## **Home Too Dry?**

**GET HUMIDITY RIGHT WITH  
A HONEYWELL HUMIDIFIER.**

**Air that is too dry** can contribute to an uncomfortable home, not to mention the potential damage and cracking of flooring and woodwork.

When installed into your home's heating and cooling system, Honeywell Whole-House Humidifiers work to automatically maintain a proper humidity level throughout your entire home.

Plus, adding humidification to your home helps save on energy bills — you'll turn down the thermostat because you'll be more comfortable.
